Nonprofit Boards: Nonprofit Governance and the Power of Things

Governance is essentially related to politics, in that politics is often defined as the art of governance. Just as politics talks about governments, institutions, power, order, and the ideals of justice, governance also deals with the public sector, power structures, equity, and ideals of public administration.

WHAT IS GOVERNANCE? | Law, Politics, and Philosophy

Governance comprises all of the processes of governing – whether undertaken by the government of a state, by a market or by a network – over a social system and whether through the laws, norms, power or language of an organized society. It relates to "the processes of interaction and decision-making among the actors involved in a collective problem that lead to the creation, reinforcement, or reproduction of social norms and institutions". In lay terms, it could be described as the ...
